

FLORIDA FARM BUREAU FEDERATION

2021 – 2023 Young Famers & Ranchers Leadership Group

Applications are now available for the 2021 – 2023 Young Farmers & Ranchers Leadership Group. This is a two year leadership development and training program designed to prepare the next generation of farmers and ranchers with the leadership skills and confidence to represent agriculture at the local, state, and national level. This program focuses on personal growth, public speaking, media training, legislative awareness, issue advocacy and service leadership while learning more about the diversity of Florida's agriculture industry.

The YF&R Leadership Program will utilize several methods in developing the leadership skills and knowledge of its participants.

- Educational opportunities and experiences for young members to learn more about the history, philosophy, structure, programs and services of the Farm Bureau Federation.
- Leadership training for young members so they can become better prepared to assume the responsibilities of leadership and positively promote agriculture and Farm Bureau.
- Opportunities for young members to actively participate in all Farm Bureau activities at county, state and national levels.
- Personal/professional skill development sessions designed to help participants understand themselves and how to effectively work and communicate with others.

The Young Farmer & Rancher (YF&R) Leadership Group is composed of appointed Florida Farm Bureau Federation members between the ages of 18 and 35 years, representing each of the eight Florida Farm Bureau Field Districts. Appointments are made for a two-year term, during which members participate in a study/travel program of approximately 45 days, conducted in thirteen (13) seminars. Eleven seminars will be held in selected locations throughout Florida, one will be held in Washington DC and one will be held out-of-state for the American Farm Bureau Federation Fusion conference.
